

Report Manual

- 1) The report should be organized, including an introduction, dataset description, methods, results, conclusion, and, if needed, references.
- 2) The title should be font size 20 and font style Times New Roman, and it should be centered.
- 3) Heading should be font size 14 and font style Times New Roman, and it should be aligned left.
- 4) All the body text is font size 12 and style Times New Roman, and it should be justified.
- 5) The entire Word file should have a line space of 1.5.
- 6) The resolution of the figure should be a minimum of 300 DPI. (Please insert the figure with the instructions from the lecture time.)
- 7) If equations are inserted, please type the equation and not use a screenshot.
- 8) Save the report file as either a Word file or a PDF.
- 9) Save the code file as .py or .ipynb.
- 10) If needed, references should be inserted with APA reference style.
